an examination of beauty in the christian life from philip ryken the world is full of beautiful things the vibrancy of trees in fall the joy of sitting around a table with family but in our fallen world many beautiful things have been turned into ugly distortions how should christians think about beauty in a world that is often ugly in beauty is your destiny philip ryken provides readers with an introduction to the theology and practice of beauty striving to awaken a longing for beauty that he explains can only be satisfied in the face of jesus christ adapted from chapel messages given at wheaton college ryken considers key topics on christian thought including the trinity the incarnation sexuality and racial diversity through the lens of beauty showing how beauty illuminates each of these biblical principles in our world today introduction to the theology of beauty great for college students pastors and small groups biblically based examines how beauty is seen in christian doctrines such as eternity the church and the crucifixion written by philip ryken president of wheaton college and author of grace transforming is jesus the only way and loving the way jesus loves

mississippi s foundational epoch in which the state literally took shape has for too long remained overlooked and shrouded in misunderstanding yet the years between 1798

when the mississippi territory was created and 1840 when the maturing state came into its own as arguably the heart of the antebellum south was one of remarkable transformation beginning as a native american homeland subject to contested claims by european colonial powers the state became a thoroughly american entity in the span of little more than a generation in old southwest to old south mississippi 1798 1840 authors mike bunn and clay williams tell the story of mississippi s founding era in a sweeping narrative that gives these crucial years the attention they deserve several key themes addressing how and why the state developed as it did rise to the forefront in the book s pages these include a veritable list of the major issues in mississippi history a sudden influx of american settlers the harsh saga of removal the pivotal role of the institution of slavery and the consequences of heavy reliance on cotton production the book bears witness to mississippi s birth as the twentieth state in the union and it introduces a cast of colorful characters and events that demand further attention from those interested in the state s past a story of relevance to all mississippians old southwest to old south explains how mississippi s early development shaped the state and continues to define it today
